LET OUR ARTS LIFT YOU TO NEW HEIGHTS

*Spotlight*

**HEBER VALLEY MUSIC**

Heber Valley Music’s mission is to provide high quality musical performing groups for musicians to increase their skills and make connections through their shared love of music. They build relationships by providing diverse educational experiences for children & adults. Their work inspires the community with an appreciation of music for all generations.

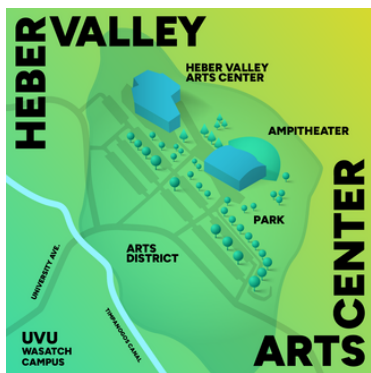

Heber Valley Music has four performance groups: orchestra, choir, wind ensemble, and jazz ensemble. Each group rehearses and performs great music for our community with a variety of participants and audiences including seniors, school aged children, and adults. They aim to give opportunities for students and adults to build relationships and community.

Recently they put on their Spring Concert, but some of their other accomplishments include playing with local school groups, performing with Cowboy Poetry & performing Handel’s Messiah along with various other Holiday performances.

Their performing groups have grown a lot over the years & they continue to seek new musicians to join them.

*Heber Valley Arts Center*

The Heber Valley Arts Center will be our community's home for art in the Heber Valley, now and for decades.

The Heber Valley Arts Center will be not only a theater for performances but also a home for arts of every type. It will be a place to introduce art education, expand knowledge, embrace the creativity, and culture that art brings to the community.
